40 CFR Part 52

[EPA-R03-OAR-2016-0233; FRL-9951-40-Region 3]

Approval and Promulgation of Air Quality Implementation Plans; Virginia; State Operating Permit Conditions for the Control of Emissions of Volatile Organic Compounds from the Reynolds Consumer Products LLC – Bellwood Printing Plant

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) proposes to approve the state implementation plan (SIP) revision submitted by the Commonwealth of Virginia (Virginia) for the purpose of removing a consent agreement and order (consent order) previously included in the Virginia SIP to address reasonably available control technology (RACT) requirements for volatile organic compounds (VOCs) control at Reynolds Consumer Product LLC (Reynolds) plant and include a state operating permit for the Reynolds plant in the SIP to continue to address RACT requirements. In the Final Rules section of this **Federal Register**, EPA is approving the Commonwealth's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. A more detailed description of the state submittal and EPA's evaluation is included in a technical support document (TSD) prepared in support of this rulemaking action. A copy of the TSD is available, upon request, from the EPA Regional Office listed in the ADDRESSES section of this document or is also available electronically within the Docket for this rulemaking action. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse

comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be received in writing by **[insert date 30 days after date of publication in the Federal Register]**.
